EDUCATION

Master of Fine Arts (M.F.A.) Printmaking University of South Dakota: Vermillion, SD.....2005 - 2008
Bachelor of Fine Arts (B.F.A.) Printmaking, Minor: Art History Bradley University: Peoria, IL.....1996 - 2000

TEACHING EXPERIENCE

ZAYED UNIVERSITY Dubai, UAE.....Fall 2008 - Present

Printmaking I, II, III *Printmaking I introduces students to the basic skills and processes in printmaking such as monotype, relief, and intaglio. Students are trained to safely practice these creative methods in the print studio, exploring creative opportunities printed multiples can offer as they relate to their current body of creative research. Transforming these options into a mode for personal creative expression is further expanded upon in Printmaking II while introducing both screenprinting and digital outcomes. In Printmaking III, independent research and exploration are the focus, requiring students to demonstrate and lecture these results to other classes in the form of artist lectures.*

Visual Arts Senior Thesis *is the culmination of Visual Arts study, enabling students to show both the depth and breadth of their conceptual and technical abilities to conceive, develop, and present an original project in their area of concentration. Guided by the research and insights accomplished in their prior study, the student should show evidence of independent creativity with a level of mature competence consistent with an emerging professional artist. Culminates in public group exhibition and catalog at the end of the academic year.*

Studio Foundations *introduces the student to the basic skills of drawing, painting, sculpture and printmaking which serve as an initial practical and conceptual scaffolding for all future studio courses in CACE.*

Book Structures *familiarizes students with a variety of binding techniques including basic codex creation, Japanese stab binding, and accordion structures. Students then expand upon these initial skills in contemporary creative outcomes, emphasizing interactive sculptural forms.*

Digital Printmaking, Drawing I, Mixed Media, Professional Artist *(Multiple sections of various courses)*

Mixed Media Collaborative Studio (MICA / ZU Student Exchange) *Student course in Summer 2009 at Zayed University with the Maryland Institute College of Art focusing on studio practice in a collaborative environment.*
